Notice of Waterworks System Revenue Bond Election

THE STATE OF TEXAS
COUNTY OF JONES,
CITY OF HAMLIN, TEXAS

TO THE RESIDENT, QUALIFIED PROPERTY TAX PAYING VOTERS OF THE CITY OF HAMLIN, TEXAS:

Take notice that an election will be held in the City of Hamlin, Texas, on the 1st day of October 1938, on the proposition and at the place more particularly set forth in the election order adopted by the City Council on the 12th day of September, 1938 which is as follows:

"RESOLUTION AND ORDER"

BY THE CITY COUNCIL OF THE CITY OF HAMLIN, TEXAS, CALLING AN ELECTION ON THE QUESTION OF THE ISSUANCE OF ONE-HUNDRED TWENTY-NINE THOUSAND AND NO-100 DOLLARS (\$129,000) DOLLARS REVENUE BONDS FOR THE PURPOSE OF MAKING CERTAIN REPAIRS, EXTENSIONS AND IMPROVEMENTS TO THE WATERWORKS SYSTEM OF SAID CITY, AND THE PLEDGING OF THE REVENUES OF THE WATERWORKS SYSTEM TO THE PAYMENT THEREOF,

WHEREAS, there is necessity for making certain repairs, extensions and improvements to the waterworks system of the City of Hamlin, Texas; and

WHEREAS, it is considered to be to the best interest of the city that such repairs, extensions and improvements be financed by the issuance of Revenue Bonds, payable solely from and secured by an exclusive first lien on and pledge of the revenues of the waterworks system of said City, after deduction of reasonable operation and maintenance expenses, all in accordance with the provisions of Articles 1111-1113, both inclusive of the 1925 Revised Civil Statutes of Texas, as amended, and in no wise supported by an ad valorem or other Tax on property in the City; and

WHEREAS, the City Council deems it necessary and proper that the question of the issuance of such revenue bonds be submitted to the qualified electors of said City,

THEREFORE, BE IT RESOLVED AND ORDERED BY THE CITY COUNCIL OF THE CITY OF HAMLIN, TEXAS:

1. That an election be held on the 1st day of October, 1938, at which election the following propositions shall be submitted:

"Shall the City Council of the City of Hamlin, Texas, be authorized to issue one-hundred twenty-nine thousand and no-100 dollars (\$129,000) dollars, revenue bonds of said City, maturing serially over a period of years not to exceed thirty (30), bearing interest at the rate of four (4%) per centum per annum, payable semi-annually, for the purpose of financing certain repairs, extensions and improvements to the waterworks System of said City; and to provide for the payment of principal and interest on said bonds by pledging the net revenues from the operation of said waterworks System."

2. That said election shall be held at the City Hall within said City, and the following named persons are hereby appointed managers thereof, to wit:

D. O. Sauls, Presiding Judge,
W. D. Cooper, Judge,
Geo. A. Nicholson, Clerk,
G. R. Bennett, Clerk.

3. That said election shall be held

under the provisions of and in accordance with the laws governing the issuance of municipal bonds in cities, as provided in the General Laws of the State of Texas, and only qualified electors, who own taxable property in the City and who have duly rendered the same for taxation, shall be qualified to vote.

All voters, who favor the proposition to issue the said bonds, shall have written or printed on their ballots the following words:

"FOR THE ISSUANCE OF WATERWORKS REVENUE BONDS, AND THE PLEDGING OF THE REVENUES OF THE WATERWORKS SYSTEM TO THE PAYMENT THEREOF."

And those opposed to the proposition to issue the said bonds, shall have written or printed on their ballots the following words:

4. That a copy of this resolution and order, signed by the Mayor of said City and attested by the City Secretary, shall serve as proper notice of said election.

The Mayor is authorized and directed to cause this notice of the election to be posted at three public places within said City, one of which shall be at the City Hall and one in each election Precinct in said City for at least fifteen full days prior to the date of said election.

5. The mayor is further authorized and directed to cause this notice of election to be published in some newspaper of general circulation published in said City once each week for two consecutive weeks. The date of the first publication shall be not less than fourteen full days prior to the date of said election.

Passed and approved this the 12th day of September, 1938.

Joe L. Culbertson,
Mayor, City of Hamlin, Texas

ATTEST:

J. B. Eakin,
City Secretary, City of Hamlin, Texas.

CHANDLER BUILDING REBUILT, FINISHED

For several weeks workmen have been busy re-conditioning the Chandler building, next door to the City Hall. This building is occupied by the John F. Green Motor Company, and within a few more days the front entrance will be opened and behind the wide one-solid plate glass will be seen the car display. This gives the Motor Company a full length building, with rooms for the office, parts, display and repair shops.

The Chandler estate continues to own considerable property in and near Hamlin, and evidences its confidence in Hamlin by the improvements of the business house.

Mr. and Mrs. G. F. Maberry, of McCaulley went to Denton, Monday to take their daughter, Miss Geneva Jo Maberry, who returned to T. S. C. W. to resume her work. Miss Maberry who has shown unusual musical talent will make music one of her main studies.

Miss Nora Koen returned to Abilene Thursday to resume her work in Abilene Christian College.

WAREHOUSES BEGAN OPERATING MONDAY

This week cotton has been King in this part of the country. Up to this week no cotton has moved because there was no market.

The government gives full information needed for loans and the handling of cotton this season, after the experience of last season. Last year there appeared, in some localities, apparent efforts to sell Uncle Sam a lot of inferior cotton at best cotton prices. But all chances for poor grading, etc., has been eliminated this season.

Hamlin cotton dealers took a far jump ahead of the rest of the country last year in getting the warehouses started and the same is true this year. It is noted that new houses are being opened in Old Glory and Roby too, by Hamlin men, this season.

Government participation in handling cotton seems to be here to stay. It brings about many changes compared with the old days when the streets were crowded with wagons, trucks and cotton buyers. The gins and the warehouses are taking the place of the street handling. The cotton buyer has settled down to a government classer these days.

Jones county has a vast amount of stored cotton from last season and now comes the new crop. People might get alarmed because of so much stored cotton, but lets remember that heretofore cotton has been stored in great sea-port warehouses far from sight of the producer.

COTTON GINNED IN HAMLIN AMOUNTS TO 1758 BALES

Up to this week the Herald has made no attempt to report the amount of cotton ginned in this town. Ginning has started fairly well now and up to Thursday about 4:00 P. M. the following total amount was given: 1758 bales.

H. H. S. BAND MAKING PROGRESS

The Hamlin School Band now has a membership of forty, the instrumentation is very well balanced, with the exception of the following instruments,—we need more baritone, two mellophones (alto horns) one more trombone, and a few more clarinets. The school owns a bass horn, which has yet not been assigned to any one. I would like to have applications from boys who would like to play the bass, which the school is furnishing. I want some boy who is really serious about the study of music, and will stick with it, and make all rehearsals.

The parents of the band members met Thursday, Sept 22, at four o'clock in the High School building, in the interest of formulating plans to get uniforms for the band, any boost, suggestions, or help from the various clubs, and individuals of Hamlin, will be appreciated. The members are at quite an expense just now, having to buy their instrument, and pay tuition, and we feel sure that there are those who are not actively participating in the band that will be glad to lend their assistance toward this good cause. The Rotan band ordered their uniforms last week, now all of our neighboring bands have uniforms except Hamlin. Let us not stand idly by, but help us to make a better appearance along with our neighboring towns, and we feel, if we will pull together for this good cause, it will not be burdensome to anyone.

Those expecting to participate in the band this year, are urged to see me at once in order to get the full benefit of the school year.

G. C. COLLUM.

J. D. Burk, Manager for the Hamlin Safeway is glad to report that his parents, Mr. and Mrs. W. L. Burk of Breckenridge have moved to the Hamlin Country to live. Mr. Burk is connected with the Production department of the Texas Company. Their home will be on the lease west of Hamlin.

Mr. and Mrs. M. T. York went to Waco, Sunday to take their son, Marvin who returned to Baylor University for his senior year.

NEW SHOOOL BUS ARRIVED TUESDAY

The new school bus, for the Hamlin Independent School District, has been viewed this week with parents and pupils. Arriving in Hamlin, Tuesday afternoon, the new bus made its first regular run to the Neinda and Boyd Chapel Communities, driven by the president of the school-board, Tom Teague, accompanied by another member of the board, Roy Gilbreath. The regular driver will be J. M. Scott, recently employed by the school board.

The new school bus has the very latest in design and convenience. It is the best equipped and best constructed school bus on the market. The body, a Bender body, is made by the same company that constructs Greyhound busses, and the chassis is an International. Special and modern features are its unusually large seating capacity, a luggage carrier on top and book shelves inside. Those interested are asked to inspect the bus.

Travis Connor left last Thursday morning by train for Elyria, Ohio, to drive the bus back and arrived in Hamlin early Tuesday afternoon. Mr. Connor went by way of St Louis and Cleveland and reports a very interesting trip.

HAMLIN'S BLOCK BRICK PAVING NEAR COMPLETION

Hamlin will soon be boasting of at least one brick block of paving. By the end of this week the block, 8th Street between Central Avenue and Union Avenue will be opened for service.

This block has long been a bothersome problem. Efforts to improve it in the past have been only to increase its unsightliness. It was either a dust bowl in dry weather or a mudhole in wet weather. As a matter of fact, that block of much used street was piled high with various kinds of "stuff" except something hard and resisting.

A vast amount of excess dirt and other material had to be removed and a full-street concrete culbert set in on the Union Avenue end, and with all this a set of curbsings were built. Taking this improvement as a whole, it represents a fine piece of work. The men who did the labor on this job were employed mostly by the WPA and they deserve compliments as well as those assisting from the city and the WPA offices.

From information, the City secured some extra good brick from the old Thurber plant and thus the entire cost has been kept to a remarkable low figure. This street will mean much to the comfort and convenience of the business sections of Hamlin.

BAPTIST CHURCH

We closed one of the best meetings last Sunday, we have had in several years. Everyone appreciated Brother O'Brien and Singer Joe Trussell in a great way.

We had 38 additions to the church, 19 coming for baptism. We will have our Baptismal service, Sunday evening. We hope everyone who joined the church will be there for this service.

We want to express our appreciation to the Hamlin Herald for publicity given the meeting.

We also appreciate very much the attendance we had from other communities. We want you to come back to see us.

Let everyone be in Sunday School at 9:45 this Sunday morning.

J. H. LITTLETON, Pastor.

SINGING

This Sunday afternoon at the Nazarene Church, in Hamlin there will be singing. Session starts at 1:30 o'clock. Everyone invited.

Hamlin People Should Be Talking "Water," It's a Great Problem to Solve

October FIRST is the day on which Hamlin people will determine whether or not they will try to get more water for this city.

Are the people well enough acquainted with the proposition that is coming up to express a satisfied vote upon it?

If you do not know and understand the plan that has been worked out by your City Council, and is being presented to Hamlin citizens taxpayers for their approval or rejection, it is your duty as a citizen to thoroughly acquaint yourself with this plan so that you may cast a vote that will be for the betterment of your town, and one that you will not regret in the future.

How many people have an idea just where the new proposed dam will be located, how long it will be, how high, how wide, how deep, how far back up the creek it will back water and a thousand other questions that may be asked that the people should know before casting a vote upon the proposition.

Another question that might come in: Is the site that has been surveyed by engineer French to be the final location or is it possible under the final plans to re-locate it so as to eliminate some of the land acreage needed? Again, is the Dry California Creek Dam the best plan or source open for water for Hamlin.

All the suggested questions above and many more should be cleared up, for when Hamlin people VOTE and the proposition carries, it is a long day before the final dollar is paid out. In the present proposition, there should and will be no "appeal to the courts for relief."

Now lets look at the situation, provided Hamlin does not act for more water right away.

At present, Hamlin has about all the water the people will use and pay for. But suppose it does not rain this fall, and next winter, and the spring rains should be light, yet ample for a good crop, what will

be the probable situation next summer, about July? Water will be getting low, and the City will be conserving, nice pretty lawns will turn brown, shrubbery will begin to die, and as time goes on, once again the hours for water use will be limited. Hamlin will be getting another black eye because she has no water. Think of that while passing along. Again, let us ask, what encouragement has anyone to invest his money in Hamlin property under the scant water situation we now have? It simply means with water there will be a good town, and without ample water the town that is a good one NOW will dwindle to a mere hamlet. Take your choice. Or better say, choose the choice you wish for your property and your children to "enjoy."

No one is wise enough to absolutely say that the proposed new dam for Hamlin water, will guarantee a supply. All anybody knows is that often every year, even in dry years, that creek flows a great quantity of water. It ought to be stopped for our use.

It would be a good idea for somebody to call a mass meeting at which time any and all questions could be asked. It would be a good idea for those who know all about the location of the proposed dam to take interested parties out there and point out what and where. It is far better to see into this matter than to step into it blindly and then blame somebody else for it later. If you are skeptical, your inquiring mind might help get the problem fixed just as it should be.

As a general rule people in small towns do not know much about the internal workings of their city affairs. All records, are open for anyone wanting to read and see for themselves. What did such and such a thing cost, who got the money, what did they do, and why this and why that All such things are open for any citizen to see and to know. The water question is our biggest one, and needs the most thorough investigation and attention. Are you interested?

BRUNSON GROCERY INSTALLS EQUIPMENT

North Central Avenue is showing more and more business as the days go along. There are now three groceries beyond the old paving or north of the Rotan-Stamford Highway crossing.

The latest enterprise is that of Mrs. S. T. Brunson and her associate, W. L. Griffin, a nephew of Mr. Brunson. The place is styled as "Brunson's Grocery and Market. And in connection with groceries and meats, one can secure gasoline and oils while the grocery bill is being filled out.

This stand was the origin of the Simpson grocery, and it seems to be a lucky corner. The Brunsons are stepping right in there with lots of energy and service. This week in passing one could see the latest and most modern equipment for handling meats. This is a new "Floatingair Frigeration" and the appeal it has for one who enjoys beauty is enough to cause a purchase whether or no one may be hungry. Mrs. Brunson has plenty of ground for being proud of this feature in her new business enterprise. She is going to keep the public informed on her specials each week. She especially wants YOU to stop by and see the meat display and form an acquaintance.

Note her specials which appear in an ad in this issue.

NATIONAL FRANKNESS:

Maybe it sounds a bit "metropolitan," for a small town paper to be commenting on "War and National Affairs," but, Buddy, let's remember it is from the small town and the country that men must be called, in case of war, and therefore the small town paper should "voice some" as well as the big dailies. This brings the Herald to the point to say that it seems quite foolish to know that the nations of the world "whip-the-devil-around-the stump," when billions of dollars worth of property and millions of men and women carry anxious hearts in fear of war. Blunt frankness, like unto the way President Monroe, decades

ago, announced to the world that this Western Hemisphere shall hereafter not be subject to the exploitations of any foreign power, and that any attempt would be deemed an act that would lead this country to war. That idea stuck, it still sticks and will likely always stick. As a result, this part of the world has generally been peaceful and today feels safe from the turmoil in Europe. Blunt frankness in making treaties, agreements, understandings etc., would make for peace. If in every treaty this nation becomes a signatory, could be inserted the words that this nation means to keep said treaty and that "you" must keep it in the same manner or

else. If all countries would do that, war talk would not likely prevail, so much.

THE WAR IS OVER

A World War has been waging for the past few weeks, mostly in words and bluff, but it now appears that another step towards peace and a dear price has been effected. Poor little Czechoslovakia has lost just like old Ethiopia did a year or so ago. The cost of a blood and bones war was too much for the results to be obtained. So the dictators march and march on. It appears that a deal has been made between Hitler and one Mussolini, with the war lords of Japan to parcel out the parts of the world that they want. Nothing so far done has proven anything except that two corporals of the wars of 1914-18 are now riding high and strong, maybe just before a fall. But depend on it that Italy with old Mussolini doing the bluffing, is wanting to emulate the imperial days of the majestic old Roman Empire. That means they want all the Mediterranean country, with Spain thrown in. Imperial England is making the greatest peace time effort to pre-

pare for war that any country has ever done in the history of the world. So the same for our own United States. It all figures out that somebody must put the fixings on at least three big bullies. They can go their way just so far.

FATHER OF HAMLIN TEACHER DIED IN ABILENE

R. L. Moore, father of Miss Georgia Moore a teacher in the Hamlin public schools, died in an Abilene hospital, Monday. Funeral services were held from the First Methodist Church in Abilene, Tuesday afternoon at 2:00 o'clock, conducted by the pastor, Rev. J. H. Hamblen. Burial was in Cedar Hill Cemetery. Mr. Moore had been a resident of Abilene for 19 years. Miss Georgia Moore who has been a teacher in the Hamlin schools for a number of years made her home with her father in Abilene.

SAVE THE SOIL

The agricultural marketing co-operatives can do much for their membership if they will stress the need for balanced, diversified farming. Some of the leading co-ops have long done this, with excellent results.

One crop farming, which exhausts the lands, has been responsible for a great many of agriculture's ills. Soil can be worn out like a machine, and left barren and useless. More and more farmers are learning this—and their cooperatives are the logical instruments for advancing the immensely important cause of proper soil utilization.—Industrial News Review.

The purpose of this tour is for you to see the progress made by first year Farm Security borrowers, second year borrowers and Tenant Purchase families.

A CORRECTION

Last week in the write-up about a house burning in East Hamlin, the Herald jumped to the conclusion and indicated that the orphan children were about to be sent to the Buckner's Home at Dallas, and that Rev. Henry Littleton had something to do with it. Except in the fact that Rev. Littleton had been interested in the welfare of the mother during her last months, and was interested in the children, he had nothing to do with sending the children to an orphan home. They were sent to the Church of Christ Orphanage at Tipton, Oklahoma. This statement is to render credit to the right place.

In talking to Rev. Littleton, he was high in praise for this institution, and he with the people of Hamlin appreciate the promptness with which the children were given a home.

FOOTBALL

The Hamlin Pied Pipers will meet Abilene, B team, Friday (today) at the City Park at 3:30 for a non-conference tilt. Although the Abilene team is a strong team, the Pipers have been training strenuously this week and expect to put up a hard fought battle against the Eaglets.

The Hamlin team this season is made up mostly of inexperienced players, but Coach Smith and his assistant, Coach Grigg are working hard to shape the team for winning action. This is the time when our team with their coaches, need our support. Let them know that you are for them.

The Hamlin Band under the direction of G. C. Collum will play Friday afternoon at the ball game at the City Park.

Mrs. Collie Porterfield of San Bernardino and little Miss Barbara Ann, age 4 months, came last week to spend several weeks with "grandpa and grandma" Ed Bailey. The Herald man got a peep at the little lady and we vouch for her as being a "perfect."

When Women Need Cardui

If you seem to have lost some of your strength you had for your favorite activities, or for your housework... and care less about your meals... and suffer severe discomfort at certain times, try Cardui! Thousands and thousands of women say it has helped them.

By increasing the appetite, improving digestion, Cardui helps you to get more nourishment. As strength returns, unnecessary functional aches, pains and nervousness just seem to go away.

HAMLIN PEOPLE IN AUTO ACCIDENT

T. W. Havens and son Thurston, Van Huling, Ottie Huling and a man from McCaulley, who was riding with them, were victims of a three-way highway collision which happened at 7:30 o'clock, Saturday night on the Roby highway, three miles north of Sweetwater. In the accident 16 persons were slightly injured and one, Mrs. Beatrice Owens, of Sylvester, suffered more serious injuries, scalp lacerations and a dislocated knee-cap. All were taken to a Sweetwater hospital where they were given treatment.

The Hamlin people all suffered cuts, scratches and bruises; of these Mr. Havens and Thurston were perhaps the worst injured. Mr. Havens hip was thrown out of place and Thurston's face was cut and severely scratched by the broken glass.

It was a close call for all, and each one has cause to be thankful that the result was not more serious.

HAPPY BIRTHDAY!

BEVERLY ANN HARVEY

That is what 31 little guests wished for their little hostess Friday afternoon from 5:00 to 6:30 p. m. It was the celebration of Beverly Ann's eighth birthday. The lawn party began by the greeting of each little guest by their hostess and her mother. Just as soon as everyone had arrived the schedule of games began. First came "Texas Grunt," followed by Joe Dale Burk showing them all, just how to go about walking over and around eggs, with your eyes blindfolded. The "Bean Bag Guess" came next, with little Miss Betty Sellers and Master Tommy Williams walking off with the prizes. The "Paper Sack" foot race brought on a whirl of excitement and laughter. Following this, thirty-three big balloons were turned loose for the guests to catch.

Opening of the gifts was next in order, preceded by the singing of "Happy Birthday."

Beverly Ann was a very happy little girl when she saw those presents. Such an array of lovely presents! Eight handkerchiefs, dishes, socks, two books, a "Saucy Duck" puzzle set, a Snow White and Seven Dwarfs puzzle set, perfume, pencil sharpener, bath salts, three pair silk panties, blue hair ribbon, two Chinese checker sets, a bubble set, three bat and ball sets, a necklace; and to top these lovely presents a pair of Roller Skates from mother and daddy.

Cup cakes, potato chips, candy bags and pink lemonade were served to: Tommy Adkins, Kitty Burk, Phyllis Richardson, Joe Dale Burk, Gene Richardson, Marda Carlyle, Jack Pippen, Maureen Carlyle, Patsy Keene, Jeanette and Shirley Johnson, Mary and Robbie Sparks, Francis, Buddy and Dorothy Mae Brunson, Bagnal Thurman, Jerry and Gale Hopper, Bobbie Wilson, Anna Margaret McBride, Wanda Lane Jones, Betty Sellers, Elmarie and Glenna Lynn Brewer, Sissy and Tommy Williams, Margaret Ruth Rhyan, Lena Lou Armstrong, Betty Pippen, and Mmes Pippen, Otis Hopper, J. D. Burk and the little hostess and her mother.

Before the guests were bid goodbye, they were directed to the

MRS. THERON ROGERS

ENTERTAINS CLUB

The Needle and Thimble Club was delightfully entertained by Mrs. Theron Rogers in her home, Wednesday afternoon. The usual exchange of gifts was made, after which a delicious buffet luncheon was served.

Members present were Mmes, Edward W. Gardner, Roy L. Brown, Tom McGary, Bill Dominey, Cecil Brown, Homer Neal, H. E. Brown and T. W. Flenniken.

Guests were Miss Virginia Barnes and little Miss Wilma Ray McGary.

Miss Ruth Knox of Lincoln, Nebraska, and recently from Houston is here to take a position with her brother-in-law, Dr. W. J. Dowling in the Hamlin Hospital and Clinic.

Mrs. H. L. Norris, of Idalou, is here to visit her mother, Mrs. W. M. Green and other relatives. Mr. and Mrs. Norris were real pioneer citizens of Hamlin, and had made their home here until about two years ago when they moved to their farm home near Idalou.

Mr. and Mrs. T. R. Taggart spent the week-end in Sweetwater visiting her parents, Judge and Mrs. S. H. Shook.

McCAULEY MATTERS

By JOHN P. HARDESTY

The P. T. A. of the local school gave a program Friday afternoon. Officers for the new year were elected as follows: Mrs. L. H. Boyd, president; Mrs. Melvin Courtney, vice-president; Miss Birdie Cleo Crabtree, secretary; Miss Hattie Logan Clay, treasurer.

All high school classes have organized and elected officers. Class presidents and sponsors are: Seniors Weldon Reynolds, president, H. P. Powers, sponsor; Juniors, Frances Davidson, president, Melvin Courtney, sponsor; Sophomores, Alvin Johnson, president, Miss Vera Tate, sponsor; Freshmen, Olga Fay Norris, president, Miss Hattie Logan Clay, sponsor.

Mr. A. M. Bradford, of Iowa Park spent from Friday to Tuesday visiting with the Monroe Maberry family and the W. C. Kean family and attending to some business. Walter Bradford, a son, is a brother-in-law to Mr. and Mrs. Maberry.

Lillian Akins spent the week-end visiting with her parents and relatives, returning to Abilene, Sunday night.

Miss Claudia Morgan has returned to McCauley after spending a year with relatives and friends in Georgia and other sections. Miss Morgan makes her home here with the McCollums.

Pastor and Mrs. Hardesty, Mrs. M. L. Akins and W. C. Johnson, attended the Workers Conference at Plasterco, Monday. The Plasterco people served a very sumptuous meal at the noon hour. And while the attendance from over the association was not as large as usual, a splendid program was given and enjoyed by all.

A large number of McCauley people attended the funeral rites at Roby for Monroe Smaulley last Wednesday afternoon. It was a beautiful and gracious thing that the Superintendent, Mr. W. R. Calhoun, did in closing the Gyp Mills for the afternoon so that the employees and their families could attend the funeral of Mr. Smaulley, who for some time had been working at the plant.

Lillie Akins has returned to her work in Sweetwater after some days spent here with her folks, the M. L. Akins.

Any news for this column should be turned in by Tuesday evening. Please co-operate with us in this matter. Several friends are helping—for which we acknowledge our thanks.

WHY NOT GO TO BOTTOM OF IT

ABILENE, Sept. 14.—A wildcat test is to be drilled on West Texas Free Fair grounds, October 3 to 8, to show crowds actual drilling operation of a spudder rig as used in fields of this area.

Name of the wildcat test is Promising Oil Company No. 1 Fair Park. The fictitious Promising Oil Company is a group of Colorado business men who will send a delegation to the spudding ceremonies opening fair day, October 3. R. T. Dockery of Colorado, president, will break a bottle of crude oil on the mast for the christening.

Application will be made to the district Railroad Commission office here for right to drill. City of Abilene has granted drilling privilege on city property; and as soon as the local Forest Development company completes geology on the fair grounds, stake driving festivities will take place.

Star Drilling Machinery company of Abilene will furnish spudder equipment for operation. R. B. George and Company, Abilene, promises use of diesel engine, and local oil companies are to supply other drilling materials.

The wildcat test is a feature of the oil men's day at the Fair. A committee appointed by Central West Texas Oil and Gas Association will set the date for the oil men in a meeting this week.

Mr. and Mrs. Roy Bruner and son L. B. were guests of Mr. and Mrs. Fritz Segertstrom, Monday night.

Mr. and Mrs. Jack Smith announce the arrival of a fine son, whose birthday is September 18th.

Richard Jr. and Betty Fay Coon of South Side were guests of Son and Floy Lee Parker in Hamlin last Sunday.

Mrs. McClure of Bowie is visiting her son, Carl McClure and family this week.

ABILENE GETTING SET TO ENTERTAIN

Abilene, Sept. 21.—Ton feature units give indication of the greatest entertainment program West Texas Free Fair has presented in history.

Signing of a three day horse racing event completed plans Monday for the most diversified entertainment program the West Texas Fair Association has ever attempted, officials disclosed. Contracts were made with horse racing men, slated to appear at the South Plains Fair, to include the West Texas Free Fair, October 3 to 8, on their itinerary. Racing dates will include three days of the fair, October 5, 6 and 8.

Along with the famous Beutler Brothers rodeo set for each night of the fair, President D. H. Jefferies announced Monday that two top-notch rodeo specialty acts had been arranged.

Don Wilcox, internationally known trick rider appearing with Beutler Brothers show at the Tri-State Fair in Amarillo has been secured for night performances here. Wilcox has been featured at some of America's largest rodeos.

Cecilia Cornish's trained Brahma steer and trick horse, Smokey, have also been contracted to appear for specialty numbers. Cornish's steer is known for his automobile jumping tricks. The colt does pantomimes.

Beutler Brothers string of outlaw horses are known the nation over in rodeo circles. Some of America's wildest bucking horses are included in the Beutler Brothers string. Among them are Amos, a 1200 pound pinto, Billy-the-Kid, Strawberry Roan and Chain Foot, all outlaws.

Other events of the six day exposition include the Texas Cotton Festival with Joe Reichman's famous orchestra; coronation of the Texas Cotton Queen; team pulling contests; drilling of spudder well on fair grounds; twice daily stage shows in Auditorium exhibits and livestock shows.

OFFER MANY PRIZES

IN FAIR HOBBY SHOW

DALLAS, Sept. 15.—Those with hobbies, regardless of the sort—have a chance to cash them at the Golden Jubilee of the State Fair of Texas. It's unusual for a hobbyist to do anything more than spend money on his hobby.

The exhibits will be in the Educational building, formerly the Federal Building. The entry list includes every conceivable sort of a hobby and cash awards are offered in each.

Indications are that outstanding exhibits will be in the airplane modeling divisions and in photographic division.

Largest agricultural show in the history of the State Fair of Texas is assured for this year. Sixty-seven counties from the Panhandle to the Rio Grande and from El Paso to the Louisiana border already have signed for space.

An outstanding educational feature of the State Fair of Texas will be the model No-Home Work school demonstration. Classes will go through the actual work. The idea of the demonstration is to demonstrate the value of the teacher teaching instead of hearing recitations.

HAMLIN BOY BOXER

IN CALIFORNIA

Here is a clipping from a California paper regarding a Hamlin territory boy, Terry Holland, son of Mr. and Mrs. J. R. Holland at Hinson. It says:

Private Terry Holland, heavy-weight boxer, is expected to represent the Woodland guardsmen in the camp boxing tournament. Hearn says that Holland is training diligently and has already been labeled the new "white hop" of the camp.

Miss Frances Ruth Bailey of Denton was at home last week with her parents, Mr. and Mrs. Ed Bailey. She was accompanied back to Denton, Sunday by her sisters, Misses Mary Lou and Dorothy Jane, who are taking studies in the State Teachers College.
